

# HPS PLAY COMPANY

United Leisure Solutions

We turn sports activities  
into immersive  
experiences

## FUTURE OF ACTIVE FUN

Active mixed-reality experiences  
that move and entertain kids,  
adults and athletes.

## ValoClimb

ValoClimb combines motion tracking and projected graphics to turn an ordinary physical climbing wall into an augmented climbing game.  
 (Single unit: 20-25m<sup>2</sup> (215-270 ft<sup>2</sup>) floor space Dual set-up: 36-45m<sup>2</sup> (390-485 ft<sup>2</sup>) floor space Minimum ceiling height: approx 3.5m (12 ft)\*)

**Vendor Category** ————— **Video Link**

Interactive 

## ValoArena

The world's first mixed reality playground for up to 6 players. This free-roam playground combines high-quality video games and physical movement without any gear or headsets. (Floor space approx: 64m<sup>2</sup> (688ft<sup>2</sup>) Minimum ceiling height approx: 3,1m (10.1ft))

**Vendor Category** ————— **Video Link**

Interactive 

## ValoJump

Our interactive mixed reality game platform for trampoline and air tracks, keeps everyone entertained from kids to expert trampolinists.  
 Get a workout and have fun! (Single unit: 16-17 m<sup>2</sup> (180-190 ft<sup>2</sup>) floor space Dual setup: 33-35 m<sup>2</sup> (355-375 ft<sup>2</sup>) floor space Minimum ceiling height: 6m (20 ft) for trampoline Minimum ceiling height: 3,5m (12 ft) for air track)

**Vendor Category** ————— **Video Link**

Interactive 

## iWall 3.0

iWall is suitable for all ages, offering hours of exergaming activities. All games are controlled with body motion, eliminating the need for buttons, wearables, or game controllers. iWall offers versatile workouts, allowing you to use it for warm-ups, coordination improvement, and as an efficient cardio exercise. (iWall requires only 2.7 x 3.3 m (9 x 11 feet) of space. Dimensions: Width 2.7 m x Height 1.9 m + 0.27 m)

**Vendor Category** ————— **Video Link**

Interactive 

## RunBEAT 3.0

runBEAT effortlessly combines non-motorized treadmills with exergaming up to four players. It's fun and motivating for professional athletes and fitness enthusiasts. (Dimensions: Width 2.7m x Height 2.4 m x Depth 2.9 m)

**Vendor Category** ————— **Video Link**

Interactive 

## CycloBEAT 3.0

CycloBEAT is an innovative fusion of fitness and entertainment for adults and teens. It provides a motivating indoor cycle challenge for individuals or groups. (2-4 bikes can be connected to one cycloBEAT system. The space needed for four bikes, the console, and the screen is only approximately 9 m<sup>2</sup> (96 ft<sup>2</sup>)

**Vendor Category** ————— **Video Link**

Interactive 

## TapWall 3.0

TapWall is a touch screen attraction with games suitable for the youngest members of the family. TapWall is very compact in size and takes up very little floor and wall space, approximately 2 m<sup>2</sup> (6.5 x 6.5 feet)

Vendor Category

Softplay  
Adventure  
Interactive

## TrailBlazer Traverse

Versatile, interactive climbing for the whole family! (Size (per section): 2180 mm H) x 1090 mm (W) x 160 mm (D))

Vendor Category

# HPS WORKSHOP

**Crab Grab** is replacing the standard claw end effector with a human. The system is an oversized version of the traditional Claw machine game wherein upon pressing the start the player is first harnessed at a deck, lifted and brought to the centre. Using a lever, the position of the rider will be then adapted by a participating operator. Upon positioning the second click for Crab has to be pressed by the operating participant when the rider will be first dropped slowly to collect the customized gifts/eatables scattered on the floor which brings amazing winnings. The player is then lifted up and brought back to the decking for unloading and to gather the collection.

Size: play attraction of footprint 4.3m in Length and 3m in width

*NOTE: Not all walls can be used for Outdoor locations. Certain walls are designed to be used for Outdoor areas. Price will vary if the climbing wall installation is Outdoor*

## COOL CLIMBERS PROJECT SAMPLE 01 – RENDER 03

## COOL CLIMBERS PROJECT SAMPLE 01 – WALL ELEMENTS

Climbing Grips: Regular hold,  
Fiberglass GRP

### Introduction:

This climbing wall is a vibrant, multi-colored structure designed featuring a series of geometric patterns creating visually stimulating obstacles. Each section alternates in color and shape, offering varied handholds and footholds that require both strategy and strength to navigate.

### Routes to the Top:

Three routes indicated by the face color (Pink & Blue, Green & Orange, All Colors)

### Skill Factor:

- Great sense of balance and body movement
- Hands and Feet coordination

### Fun Factor:

- Vibrant multi-colored geometric patterns
- Alternate geometric slopes

**Number of Player/s:** 1 guest at a time

**Game Duration:** 30 minutes

**Difficulty Level:** Medium

**Wall Height:** 10.0 meters

**Belay System:** TruBlue iQ

01

**Introduction:**

This climbing wall features a vibrant, block-style design, providing an engaging and challenging experience for climbers. The wall is adorned with an array of colorful rectangular and square blocks in bright hues creating a visually stimulating and diverse climbing surface. The varied block sizes and placements offer multiple routes and levels of difficulty, catering to both novice and experienced climbers.

**Routes to the Top:**

All the grips are available

**Skill Factor:**

- Transfer of weight in anticipation of the next move
- Careful climbing and problem solving is required

**Fun Factor:**

- Stunning bright colored squares and rectangles
- Comfortable and easy grip hand and footholds

**Number of Player/s:** 1 guest at a time

**Game Duration:** 30 minutes

**Difficulty Level:** Difficult

**Wall Height:** 10.0 meters

**Belay System:** TruBlue iQ

Quad Core

02

**Introduction:**

This climbing wall showcases a vibrant, geometric design, featuring alternating triangles set against a background. The unique pattern adds visual appeal and creates a variety of challenging routes for climbers. Equipped with numerous strategically placed handholds and footholds, this wall is designed to test the climber's strength, balance, and agility.

**Routes to the Top:**

All the grips are available

**Skill Factor:**

- Core muscles are required to stay close to the wall
- Accurate use of grips orientation

**Fun Factor:**

- A unique climbing experience
- Just getting to the top of the bumpy Zigzag path

**Number of Player/s:** 1 guest at a time

**Game Duration:** 30 minutes

**Difficulty Level:** Easy

**Wall Height:** 10.0 meters

**Belay System:** TruBlue iQ

Spring Cimb

03

**Introduction:**

Test your speed while challenging another climber. Embedded with a timer, see how fast you can reach the top. This Whizz Climb can be themed according to the brand/space overall concept.

**Routes to the Top:**

All the holds are available, make sure you reach the fastest way to the top.

**Skill Factor:**

- Good solid hand-grips every climb
- Placing feet as fast as you can to drive the energy and reach the top faster

**Fun Factor:**

- Race your opponent to the top
- Beat your own best time

**Number of Player/s:** 2 guests at a time

**Game Duration:** 30 minutes

**Difficulty Level:** Medium

**Wall Height:** 10.0 meters

**Belay System:** TruBlue Speed

**Feature:** Timer, Start and Stop Button is placed on

**Wall Graphics:** Customized / Themed

**COOL CLIMBERS PROJECT SAMPLE 01 – WALL ELEMENTS**

**Introduction:**

This climbing wall boasts a colorful, wavy design that promises a dynamic and exciting climbing experience. The vibrant patterns, featuring an array of bright colors create a visually captivating journey as climbers make their way to the top. The undulating shapes add an extra layer of challenge, requiring climbers to navigate through varied routes that test their agility, strength, and problem-solving skills.

**Routes to the Top:**

Three routes indicated by the climbing grips color

**Skill Factor:**

- Patience to work through the terrains and curves
- Stamina is required while identifying the orientation of the holds

**Fun Factor:**

- Try to hang on to that surface
- Frequent changes of direction

**Number of Player/s:** 1 guest at a time

**Game Duration:** 30 minutes

**Difficulty Level:** Difficult

**Wall Height:** 10.0 meters

**Belay System:** TruBlue iQ

**Introduction:**

Great looking element with wavy woobly challenge. On the wall the climber must grapple their way to the top using the waves. Foot placement on each slots are critical, needs accuracy not to slipped all the way down.

**Routes to the Top:**

All the grips are available

**Skill Factor:**

- Strong arms and good footwork
- Good Balancing skills

**Fun Factor:**

- Wavy Woobly pattern
- Great satisfaction in beating these woobly challenges
